DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Previously withdrawn claims 18-24 should be cancelled.

Claims 16 and 17 are allowed.

2. The following is an examiner's statement of reasons for allowance:

Regarding claim 16, the prior art fails to teach or fairly suggest the series of steps, as argued in Applicant's response dated 11/21/2009, in particular the steps of providing blades with free end surfaces and a cover member with an inner surface both inclined at an acute, non-zero, frustoconical angles relative to an axial axis of the disk-shaped member and cover member, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
